

Computational Mechanics Graduate Program

Instructions to fill out an Application Form for the
Computational Mechanics Master's Program
Academic Year 2008/2009

Read these notes before filling your application form

- Items 1 and 2: Type or print your family and first names.
- Item 3: Indicate any other name you have used during your studies and/or appears in your diplomas.
- Item 4: Indicate F if you are a female, M if male.
- Items 5 to 8: Indicate your permanent mailing address. TPS will use this address for correspondence purposes.
- Items 9: Indicate your date and place of birth.
- Items 10: Indicate your National Identification Card Number and issue date if you are a Tunisian citizen
- Items 11: Indicate your Passport Number, the country that issues the passport and issue date if you are not a Tunisian citizen
- Items 12-14: Indicate your phone and fax numbers (recommended) and your Email address
- Items 15 and 16: Indicate all the undergraduate programs (university level) and the graduate programs you have attended even those not completed. If not completed, indicate so in the Obtained degree column. Indicate the periods during which you have attended these programs. Please provide certified copies of your university diplomas and transcripts (if you have completed the program) and certified copies of transcripts, if you have not completed the program.
- Item 17: Indicate all your activities other than academic after your first university degree, and their corresponding periods. Especially, indicate any employment related to your initial university degree. Please provide certified copies of documents attesting your activity.
- Item 18: Please provide certified copies of your TOEFL results. Applicants who had not taken yet the TOEFL, should take it as soon as possible (<http://www.toefl.org/onsitetst/itpreps.html>).
- Item 19: The recommenders could be professors, graduation project supervisors, employers, etc. To download the CMGP recommendation form, go to Admission page.
