

US-Egypt "Application of the Saturation-Based Controller to Self-Excited Oscillators and Systems with Limited Energy Sources," National Science Foundation, \$30,741, August 1, 2003-July 31, 2008.

"Physics-Based Identification and Management of Aeroelastic Limit-Cycle Oscillations (LCO)," with M. Hajj, Equilibria, \$60,000, September 1, 2007-May 31, 2008.

"Nonlinear Vibrations, Stability, and Dynamics of Structures," Army Research Office, \$10,000, January 1, 2008-December 31, 2009.

"Vortex-Induced Vibration (VIV) Industrial Affiliate Program," \$34,000.
